> **Data scientist and software developer appasioonate for cloud-based technologies** interested in developing impact projects that allow exploring various fields of action with business value. Proficient in the use of technologies such as **Python, Tools for Data Science (pandas, numpy, ETL tools, SQL, Machine Learning with Sklearn and knowledge in statistics) , skills for develop fullstack web applications using SQL and No-SQL databases.** I seek to develop projects that challenge my knowledge and skills in favor of professional growth that will impact the organization.

EDUCATION

Bogotá, 2017-2022(2S)	International Business Manager University of Rosario (Bogota , Colombia)
Bogotá, 2021- In Progress	Certified Tech Developer Digital house
Bogotá, 2021	RoadMap (Carrer) Machine Learning Enginner Platzi Inc.
Bogotá, 2021	RoadMap (Carrer) Data Scientist Platzi Inc.
Bogotá, 2021	Web Full Stack Developer University Pontificia Bolivariana
Bogotá, 2022	Big Data & Analytics (Machine Learning) University of Sabana
Bogotá, 2022	RoadMap (Carrer) Backend developer with python Platzi Inc.
Bogotá, 2022	RoadMap (Carrer) Data Analysis with python Platzi Inc.
Bogotá, 2022	RoadMap (Carrer) Machine Learning with python Platzi Inc.
Bogotá, 2022 - in Progresss	RoadMap (Carrer) DeepLearning specialization with python Platzi Inc.
Bogotá, 2022 - in Progresss	RoadMap (Carrer) Data Enginner especialization (AWS, Big Data) Platzi Inc.

HABILITIES

- Sklearn - Middle
- QGis(GeoDataScience) - Middle
- Data Viz - Middle
- Python - Higher
- SQL - Middle
- NoSQL - Middle
- Data Warehouse - Basic
- Estatistics - Middle
- Pandas - Middle
- Numpy - Middle
- EDA - Middle
- Algorithms and data structures - Middle
- Java - Basic
- JavaScript - Higher
- NodeJS - Higher
- Solidity - Basic
- Linux - Middle
- Deep Learnning - Middle
- AWS - Basic
- Kubernetes - Basic

EXPERIENCE

2022-1S	Rappi Data Analyst Intern Internship in BI Team colombia , working on projects related on data science (EDA, Scrapers) y Machine Learning (Churn intention retention).
Present	Rappi Data Analyst Data Analyst with rol focused on data science
